

My Appointment at Cooper

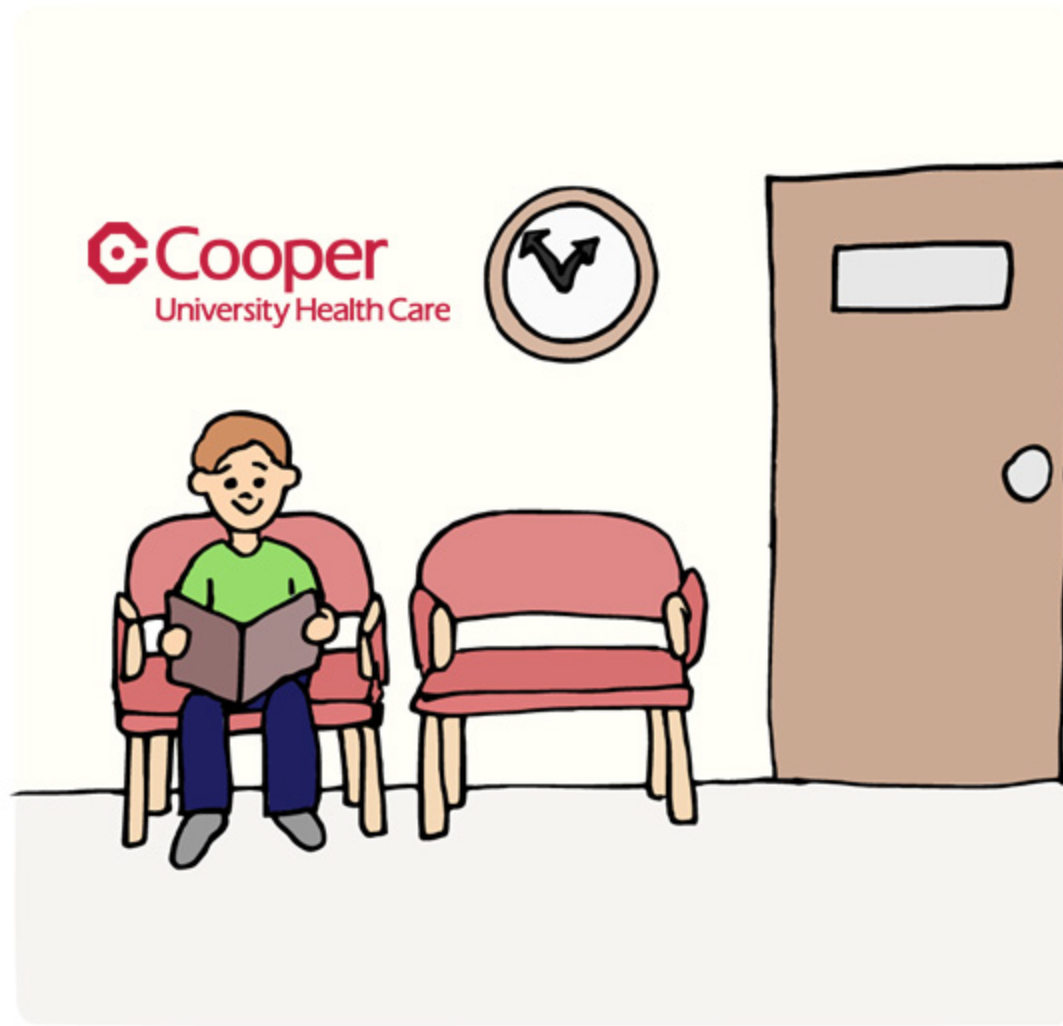

I am going to the doctor!

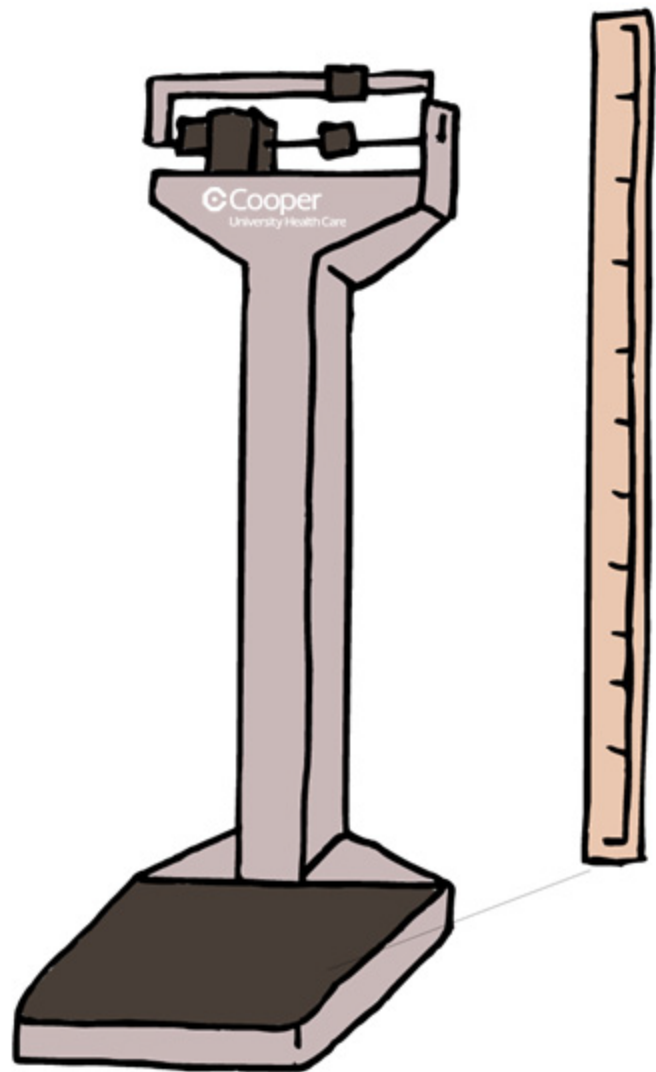

When I get to the doctor, I will go to the front desk so they know I am ready for my appointment.

I am going to the doctor!

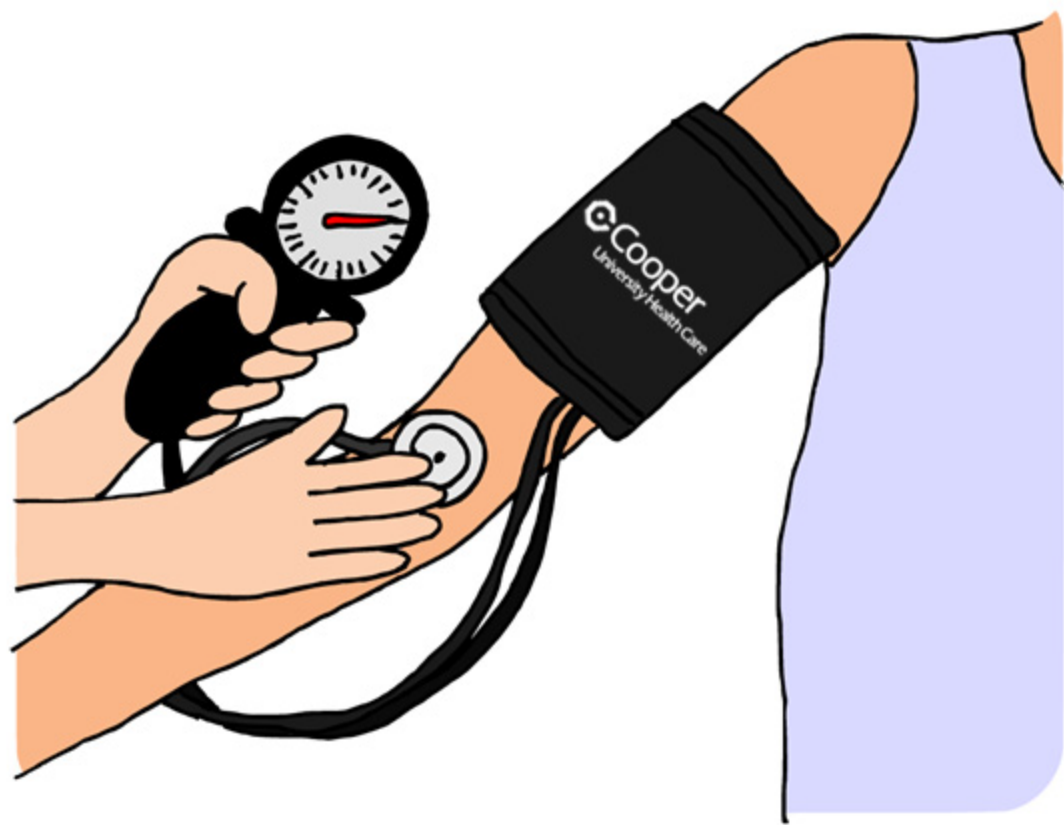

I will wait in the waiting room. There may be a lot of noise and other people, but we won't be there too long.

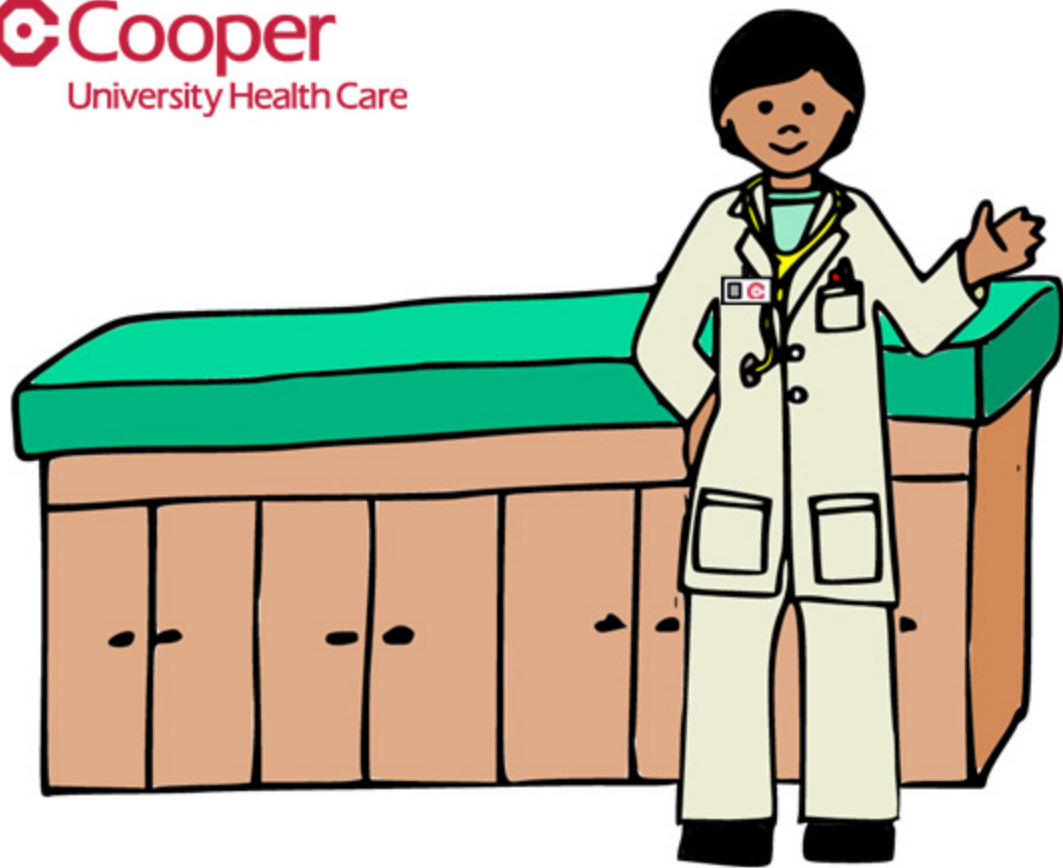

When it's my turn, a nurse will weigh me.

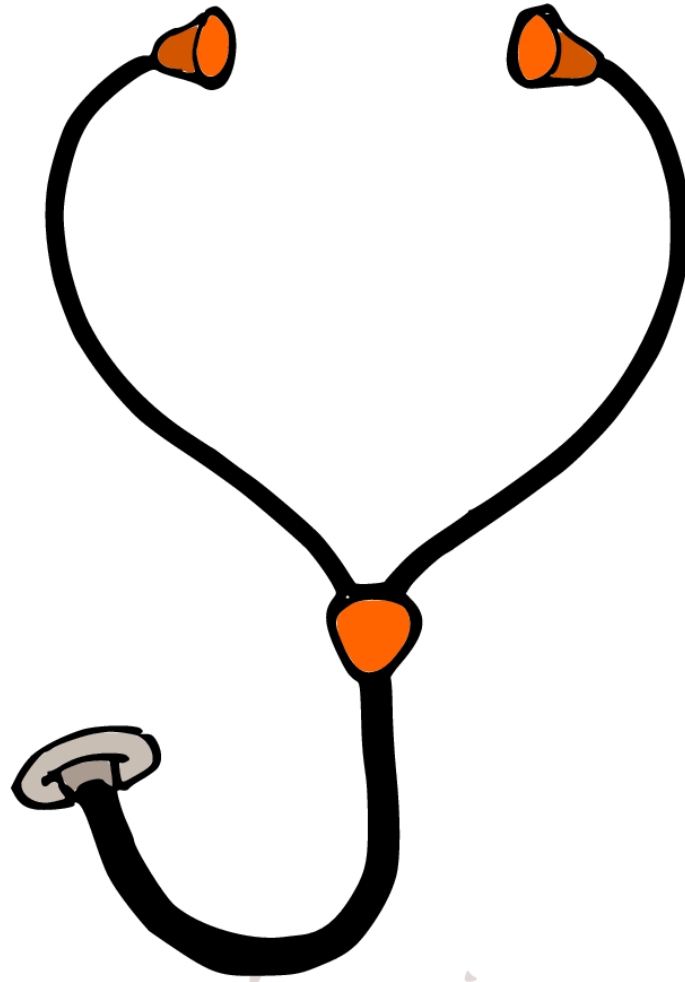

The nurse will take my temperature.

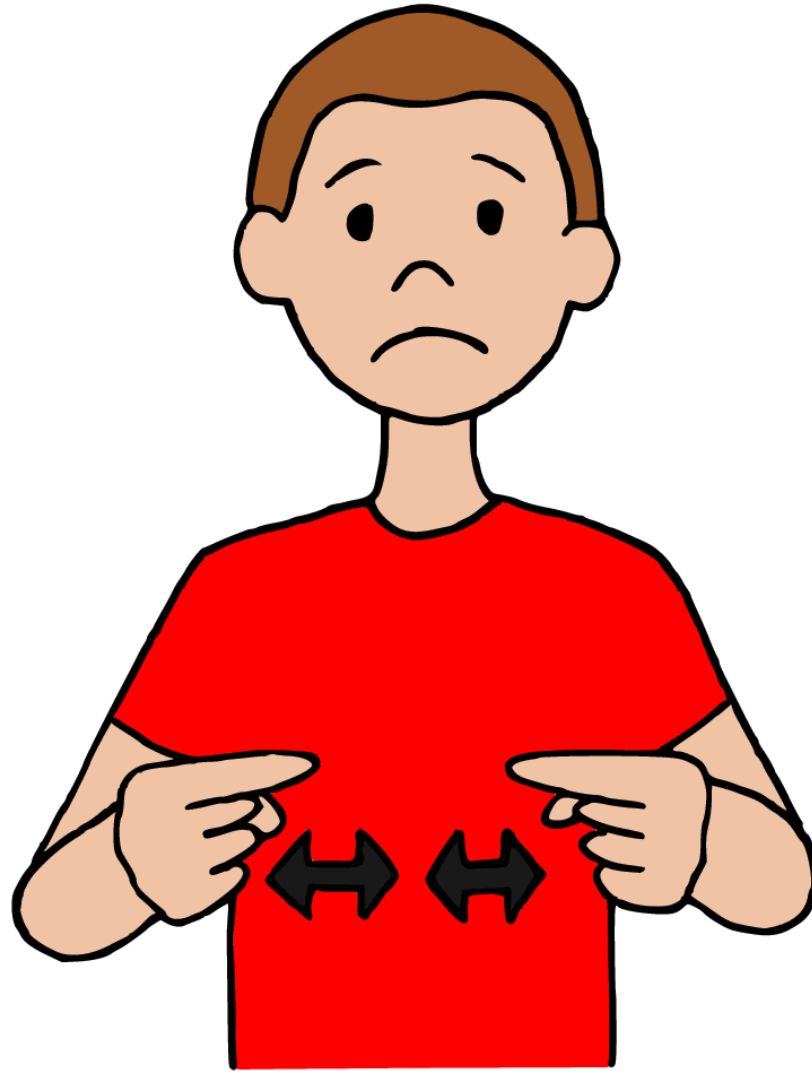

The nurse will also take my blood pressure.

We will go to a small room with just a table and a chair in it. The nurse will ask me some questions.

The doctor will come in and listen to my heart, lungs, or stomach using a stethoscope. It might be cold!

If something is bothering me, the doctor will check that also.

When I am done, I will check out at the front desk.

I will say, "Good-bye," until next time.
